

**A003 . Ratings and Limitations**

**HQ Control: 01/30/2004**

**HQ Revision: 010**

The Certificate Holder is authorized the following Ratings and/or Limitations:

**Class Ratings**

Airframe Class 1: Composite Construction of Small Aircraft

Airframe Class 3: All-Metal Construction of Small Aircraft

**Limited Ratings**

<b><u>Rating</u></b>	<b><u>Manufacturer</u></b>	<b><u>Make/Model</u></b>	<b><u>Limitations</u></b>
Airframe	Dassault-Aviation	Mystere-Falcon 50	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
	Learjet Inc.	31 Series	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		31A Series	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
	Gulfstream Aerospace L.P.	G-100/1125 Astra	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
	Cessna	CE-525B	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		CE-680	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.

<u>Rating</u>	<u>Manufacturer</u>	<u>Make/Model</u>	<u>Limitations</u>
		CE-550	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		CE-S550	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		CE-650	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		CE-750	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		CE-560	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		CE-560XL	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
	Hawker Beechcraft	Hawker 800	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		Hawker 800XP	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.

<u>Rating</u>	<u>Manufacturer</u>	<u>Make/Model</u>	<u>Limitations</u>
		Hawker 850XP	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		Hawker 900	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
	Bombardier	CL-600	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		CL-601	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		CL-601-3A	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		CL-601-3R	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
		CL-604	Maintenance to include line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved programs.
PowerPlant	Teledyne Continental Motors (TCM)	All models installed on aircraft for which the repair station is rated.	Maintenance and inspections, excluding overhaul, when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved data.

<u>Rating</u>	<u>Manufacturer</u>	<u>Make/Model</u>	<u>Limitations</u>
	Textron Lycoming	All models installed on aircraft for which the repair station is rated.	Maintenance and inspections, excluding overhaul, when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved data.
	Honeywell/AlliedSignal/Garrett	All models installed on aircraft for which the repair station is rated.	Line maintenance and inspections when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved data.
	Pratt and Whitney	All models installed on aircraft for which the repair station is rated.	Maintenance and inspections, excluding overhaul, when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved data
	Rolls Royce	All models installed on aircraft for which the repair station is rated.	Maintenance and inspections, excluding overhaul, when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved data.
	Williams	All models installed on aircraft for which the repair station is rated.	Maintenance and inspections, excluding overhaul, when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved data.
	General Electric	All models installed on aircraft for which the repair station is rated.	Maintenance and inspections, excluding overhaul, when done in accordance with manufacturer's maintenance manuals and maintenance instructions or other FAA approved data.
Propellers	All makes of propellers installed on aircraft for which the repair station is rated.	All models of propellers installed on aircraft for which the repair station is rated.	Removal and installation, preventive maintenance and inspections when done in accordance with the manufacturer's maintenance manuals and maintenance instructions or other FAA approved data. Major alterations are authorized when approved in writing by the cognizant FAA Principal Maintenance Inspector.
